All current WSA Champions are entiteld to start, however must be registered by their respective national

organization. Those starters as well as juniors will **not** count towards the national contingent.

In addition the WSA-Board (Sport Director) may issue so-called “wild cards” for:

- Guests of the WSA, not conflicting with national interests,
- To the WSA-Organizing committee members. Those starters will not be part of any national team and therefore cannot become a WSA-Champion.

Attention: Consider the effective EUROCUPRULES/Qualifications are possible without stressing the national contingents.

Date: September# 2014

Note: **All annual fees due must be paid prior participating in the Championship.**

For sporting and/or organisational reasons the national quotas can be reduced in an equitable manner by the WSA Board. The total number of starters should not exceed 250.
